112

Hybrid design
A hybrid design to balance insulation and freedom of movement.

Breathable
The fabric allows moisture vapor to escape, keeping you dry during physical activities.

Durable ripstop fabric
This item is made from ripstop fabric. It is designed to resist wear and tear through a special textile fiber-weaving technique.

Recycled materials
This item is made from recycled materials. By choosing clothing made from recycled materials, you are supporting sustainable and clean production practices.
